Dear Sir:

Please find enclosed an amendment to the Pete Stark Re-Election Committee (# C00020974) report filed on twelfth day preceding California's March 7, 2000 primary election.

The amendment is necessary to correct an error on the cover sheet due to the computer program glitch. The program aggregated the column B figures starting in 1999 instead changing the aggregation period anew for the year 2000. The attached amendment corrects this error.

Sincerely,

Pete Stark
